Activity 08 - Capstone - Northstar Mobility Collaboration and Customer Trust

Course: Mastering the Art of Communication to Enhance Team Collaboration and Customer Satisfaction

Course Code: TGS-2023037467

Alignment: K1-K5, A1-A3

Version: v10.1 | 17 August 2026

Scenario

Northstar Mobility launches an accessible on-demand transport service. A pilot receives strong demand but also driver confusion, inconsistent customer updates, and poor escalation of accessibility needs. Leaders need an evidence-based benchmark, an engagement-aware communication plan, and a coaching solution before the city-wide launch.

Role cards

Role 1: Programme sponsor

Represent this stakeholder's legitimate needs, constraints, risks, and preferred outcome. Do not disclose private role assumptions until the debrief.

Role 2: Communication audit lead

Represent this stakeholder's legitimate needs, constraints, risks, and preferred outcome. Do not disclose private role assumptions until the debrief.

Role 3: Workforce engagement lead

Represent this stakeholder's legitimate needs, constraints, risks, and preferred outcome. Do not disclose private role assumptions until the debrief.

Role 4: Customer-experience lead

Represent this stakeholder's legitimate needs, constraints, risks, and preferred outcome. Do not disclose private role assumptions until the debrief.

Role 5: Operations coach

Represent this stakeholder's legitimate needs, constraints, risks, and preferred outcome. Do not disclose private role assumptions until the debrief.

Scenario questions

1. Which evidence matters most and why?
2. What must change in people, process, channel, and governance?
3. How does the plan protect collaboration and customer satisfaction together?
4. What early warning metric would trigger intervention?
