Detailed role-play playbook

Preparation - 10 minutes

1. Read the scenario and your confidential role card.
2. Mark facts, assumptions, emotions, interests, and non-negotiable constraints.
3. Define the shared purpose and the communication outcome you want.
4. Choose the first phrase you will use and the evidence you will listen for.

Round 1 - baseline

1. Assign roles and read only your role card.
2. Run round 1 using normal habits for four minutes.
3. Observer records interruptions, paraphrases, questions, tone, and ownership.
4. Coach with Listen-Paraphrase-Ask and Acknowledge-Clarify-Own-Act-Update.
5. Run round 2 with the same facts but improved communication.
6. Debrief the difference in emotion, clarity, and feasible outcome.

Observer coaching - 7 minutes

- Record exact language and observable behaviour, not personality judgements.
- Identify one strength, one meaning gap, and one alternative phrase.
- Check clarity, listening, tone, channel, ownership, and follow-up.

Round 2 - deliberate practice

1. Repeat the decision moment with the coached alternative.
2. Confirm shared meaning, action, owner, timing, and escalation.
3. End only when every role can state the same decision in their own words.

Debrief

1. What did the customer need emotionally and practically?
2. Which phrase demonstrated understanding without admitting an unverified fault?
3. Where did nonverbal behaviour support or contradict the words?
4. What follow-up would close the loop?
